Connects quickly to your fence with cable ties or wire.

GIVE YOUR SITE ADDED PRIVACY WITH HIGH-QUALITY FENCE SCREENING.

Fast Fence Inc.'s high-quality privacy screening panels are designed to provide additional privacy to your site, while reducing the transfer of dust and debris to neighbouring properties. Available in a variety of colours, panels are constructed of 85% opaque, high-density polyethylene knit with reinforced hems. Regularly spaced grommets make installation a breeze.

Fast Fence Inc. offers a wide range of fence products to help secure your project.

Competitive prices and fast, professional delivery, installation and removal.
