

At *Fast Fence Inc.*, we have been serving the GTA's temporary fence needs for over 30 years and offer a wide variety of temporary fence products for special events.

			
Chain Link and Welded Wire Panels	Pedestrian Barriers	White Picket Panels	Privacy Screening
Steel mesh fencing is available in a variety of widths and heights. Panels are self-supported on steel ground stands.	A variety of self-supporting steel barricades are available.	An upscale alternative! Sturdy chic white picket panels are self-supporting on steel ground stands.	Available for sale and can provide additional site privacy. Regularly spaced grommets make installation a breeze.
Perfect for: • Perimeter security • Delineate staging areas • Defining licensed areas	Perfect for: • Create finishing 'chute' areas for running and biking events • Defining licensed areas	Perfect for: • Queuing and registration areas • Creating perimeters around display areas and materials	Perfect for: • Privacy for staging and catering areas • Blocking unsightly refuse bins or power generators

LICENSED EVENTS

The Alcohol and Gaming Commission of Ontario requires the licensed area to be clearly defined and separated from the unlicensed area by a 36" (0.9 metre) high separation. All of *Fast Fence Inc.*'s products meet or exceed this height requirement. However, some events have different requirements, so it is important to confirm the requirements for your specific event.

OUR SERVICE

Fast Fence Inc. offers event planners a full-service rental solution: We deliver, we install, we dismantle and we take the fence away at the end of the event. This allows you to focus on what you do best. Our employees are committed to providing you with fast, personable, high-quality service.
